Tengiz Magradze

Address: Didi digomi, 3 mkr, 15 Block, apartment 72. Tbilisi, Georgia

Mobile: +995595768575 +995577232541

E-mail: tengiz.maghradze@gse.com.ge tengo_cn@yahoo.com

Date of birth: 17.10.1987

Education

Georgian Technical University, September 2010 – July 2013

Faculty of power engineering and telecommunications

Phd degree in power engineering and Electrical engineering

Georgian Technical University, September 2008 – July 2010

Faculty of power engineering and telecommunications

Master of engineering in Management of power engineering enterprises

Georgian Technical University, September 2004 – July 2008

Faculty of power engineering and telecommunications

Bachelor of engineering in Management of thermal-power complex branches

Work experience

Deputy Head of projects department,

Jsc „Georgian state electrosystem”

May 2021 – present.

Faculty member

Continents States University (Florida, USA)

January 2021 – present.

Adjunct associate professor of Information & Communication technology

Prowess University (Delaware, USA)

December 2020 – present.

Adjunct professor of Electrical/Power Engineering/management

Ballsbridge University (Dominica)

April 2020 – present.

Electrical design adviser,

WINDTHINK (Turkey)

August 2019 – present.

Head of power transmission lines projects division,

Projects department, Jsc „Georgian state electrosystem”

September 2018 – May 2021.

Senior engineer of section of power transmission lines projects design, Projects department, Jsc „Georgian state electrosystem”;

January 2015 – September 2018.

lead engineer of section of power transmission lines projects design, Projects department, Jsc „Georgian state electrosystem”;

January 2014 – January 2015.

Engineer of section of power transmission lines projects design and costa estimate, Projects department, Jsc „Georgian state electrosystem”;

April 2012 – January 2014.

Safety regional engineer of technical safety and inspection service, Jsc „Georgian state electrosystem”;

August 2010 – April 2012.

Safety engineer of Tbilisi regional grid network, Jsc „Georgian state electrosystem”;

March 2010 – August 2010.

Languages

Georgian (Native);

English (writing: good, speaking: good, reading: good);

Russian (writing: good, speaking: good, reading: good).

Computer programs

PLS-CADD, PLS-TOWER, Arc Gis, AutoCad, Microsoft office programs: Word, Excel, Powerpoint, Visio, outlook, project. Adobe acrobat, Internet browsers.

Professional devices

Professional and handheld GPS devices: leica viva, stonex. Laser distance measurers.

Trainings

- Analysis and Design of Transmission Towers (PLS-TOWER design software)

April 2017

Power line systems inc.

- Projects management course

March 2015

Management academy

- Center of information technology

Autocad Land development course

February 2014 – March 2014

-OAO COIO3TEXЭHEPΓO

Automation of desing and exploitation of overhead transmission lines (PLS-CADD software)

July 2012 – July 2012

-Jsc „Georgian State Electrosystem”

Electrical engineering courses

January 2009 – December 2009

-Corporation (International model of service)

English language course

February 2008 – July 2008

-American university for humanities

Training in management skills

January 2007 – December 2007

Scientific publications

Published: 1 monograph and 14 scientific papers

Conferences

Participated in 4 international and national conferences

Membership in scientific organizations

Fellow Chartered Member (FBU) of Ballsbridge University. 2020 till today

Reviewer of International journal of social science, Innovation and educational technologies. USA. 2020 till today.

Member of editorial board of International journal – Colloquium-journal. Poland. 2020 till today.

Science Ambassador of bentham publishing. 2020 till today.

Member of Editorial Board of International Journal of Research in Engineering, Science and Management (www.ijresm.com)– 2020 till today.

Member of Editorial Board of International Invention of Scientific Journal (www.iisj.in)– 2020 till today.

Member of Editorial Board of International journal of „Scientific news” («НАУЧНЫЕ ВЕСТИ») (www.nvesti.ru) - 2020 till today.
