Do it with passion or don't do it at all

*Its' my passion for training-to deliver more than what is expected
that made me take this path*

My past thirty (30) in the field of training as a soft-skill trainer/educator /Content Writer and an active counselling psychologist striving to empower society with good mental health has shown me how beautiful this metamorphosis can be.

As a soft-skill trainer:

- * Students, adults empowered with soft-skills are now handling many a difficult phase/position with ease.
- * Created content for the modules, fine-tuned them according to client needs
- * Mentored trainers [TTT] to arouse the passion of imparting learning to others.
- * Empowered women to lead better lives with their knowledge of soft-skills and spoken English

As a Verbal trainer:

- * Aroused the passion to fly to greener pastures through IELTS, TOEFL, GRE, GMAT, SAT, PSAT and PTE.

As a counselling psychologist [Telangana Psychologist's Association]

- * Actively involved in counselling and psychometric analysis.
- * Handling stress with ease
- * Extensive counselling in inclusive education and career counselling (Resource person for CBSE)

- * Conduct training sessions in psychology related aspects, creating content and fine-tuning others content.
- * A mentor and coach for TPA psychologists preparing for the Guinness book of world records.
- * Balance the parent-child- school triangle
- * The tree of life counselling
- * Their awareness that 'the strength of your mind determines the quality of life'
- * Transactional analysis of one's own self
- * Parent/child/student/teacher/marital counselling

As an educator:

- * Extensive work in inclusive education and career counselling (Resource person for CBSE)
- * Empowering children and teachers with creative technology in the use of learning/teaching methodologies
- * Empowering students and teachers subject specific- English, Social Sciences, Science
- * Training teachers on subject specific activities.
- * The transition from butler English to professional English with which they fly abroad is captivating. (IELTS/TOEFL/GRE)
- * Student connect with IMUN (simulation Model United Nations)

Signature Initiative in the field of counselling

@ REACH – I PEER

Initiated self-help groups in schools and colleges to reduce the stress factor in students thereby making an effort to reduce the suicidal tendencies in students

PEER stands for

Positive Escalation (with) Empathy (to) Revamp / Reface.

The forethought into this initiative is that the peer group is the first to notice any signs of depression and thus send signals to help their friend. Conducted many campaigns in schools and colleges with good response.
