## Call for Chapters

# Unlocking Potential: AI and Data Architecture in Management, Science, and Education

### Aims and Scope:

This book aims to explore the transformative role of Artificial Intelligence (AI) and data architecture across the fields of management, science, and education. By bridging interdisciplinary perspectives, the book will highlight innovative applications, theoretical advancements, and practical implications that AI and robust data systems bring to knowledge creation, strategic decision-making, and teaching methodologies. The book serves as a comprehensive reference for academics, researchers, data scientists, policy-makers, educators, and professionals interested in understanding how AI and data infrastructure are reshaping these key sectors. Through a combination of case studies, empirical research, and theoretical analysis, it will provide insights into current trends, challenges, ethical concerns, and future directions.

### List of Topics :

- Section I: Foundations of AI and Data Architecture
- Section II: AI and Data in Management
- Strategic Management and Supply Chain Management
- Marketing Management and Financial Management
- Human Resource Management
- International Business, Corporate Governance and Ethics
- AI in Entrepreneurship and Startups
- Section III: AI and Data in Scientific Research
- Section IV: AI and Data in Education
- Section V: Cross-Cutting Themes and Future Directions
- Section VI: AI and Data Architecture in English Language Teaching (ELT)

Researchers are encouraged to submit chapters based on empirical studies, theoretical analyses, case studies, or practical insights into AI and Data Architecture in Management, science and education.

### Author Benefits:

1. Selected chapters (not all) will be indexed in RSquareL and other indexing platforms including Amazon, Google Books etc.
2. Publication of chapter in book series with ISBN / ISSN
3. Publishing in IIP Proceedings Digital Library with DOI
4. Open access mode of publication in IIP Digital library
5. Optimized searching options to increase the visibility of the work to readers and other researchers which helps in citations.
6. Unique dashboard to Author
7. Easy paper/chapter management system with transparency of the process including peer review
8. One complimentary copy per chapter
9. Certificate to all authors who contributed chapter(s)

### Chapter Submission Procedure:

- Step 1: Go to IIP website [www.iipseries.org](http://www.iipseries.org)
- Step 2: Register in the portal by clicking on Signup
- Step 3: You can submit chapter at your dashboard or directly through IIP website after you login
- Step 4: Click on submit chapters
- Step 5: Select the book series title along with **Book Series ID** to which you wish to submit
- Step 6: Upload all necessary details along with your chapter in word file format. Refer **IIP Chapter format** at download in IIP Website

### Support from IIP to the Editors & Authors

- \*Reviewing support from IIP Reviewers
- \*Plagiarism checking service
- \*Submission management
- \*Registration management
- \*Individual dashboard

### For any queries

**Mail.us: [drmanikaaggarwal@gmail.com](mailto:drmanikaaggarwal@gmail.com)**

**Registration Fee:** USD 30 INR 2000 which includes processing fee with all above mentioned supporting services, certificate hard copy to all authors ,one complimentary copy of the book series registration
